DIARY NOTES

DD/S

16 October 1963

1. I finally reached John Macy of the Civil Service Commission to discuss the Executive Pay Bill with him. He had no objection to an insertion which would make clear that this Bill was not intended to interfere with the authorities of the Director granted by the CIA Act of 1949. (See my Memorandum of Conversation.)

2. Jim Garrison telephoned to say that he had received an oral request from the Deputy Director (Plans) to undertake a rather substantial rehabilitation of [REDACTED]. I told him that I had not heard of this; however, I am sure that the Director would want to support this program. I said that I had no objection to his going forward with the work after he has received a formal request.

3. I asked Jim Garrison to look into and report to me on what happened in the case of [REDACTED] in which he was nominated to attend a Senior Service School without his knowledge.

4. Jack Earman was in to see me.

a. He discussed with me the Agency Notice on integration of personnel information and wanted to make sure that any security information which came to the attention of the Office of Personnel through this system would be referred to the Office of Security. I told him that I was sure this would be done automatically, but I would caution Emmett Echols about it. (This I have done.)

b. Jack also explained to me the reasons why he was going to answer a letter from a crank applicant named [REDACTED]. I said that this was perfectly all right with us if he would merely send the Director of Personnel a copy of his reply.

persons speaking foreign languages, etc. I approved of his going ahead with this installation.

8. Jack Earman has advised me that he wants to do an informal study on one aspect of our fitness reporting system; i.e., should a Fitness Report be shown to the employee rated? I told him that I would alert Emmett Echols and we would be glad to assist in any way possible. (I have since talked to Emmett about this.)
